

Gr. 4 May 10 - 21 At-Home Learning

Grade Fours will have their Google Meet Monday-Thursday at 10:00am starting on May 10. We will meet for 45 minutes. During this time we will talk about assignments, do some questions and discussion as well as take time to connect with each other. Friday meets are not required because it is a catch-up day but I am available to help as needed.

I am also available during regular school hours to help students in small groups or one on one sessions. Please email me or send a message in the Google Stream if help is needed. I will try my best to check my messages at the top of the hour and 30 minutes later then get back to you as soon as possible.

I sent **paper copies** home for LA (orange), Math (green), Social/Science (blue), and a checklist (purple). **Please put these in a safe place. Students can work on assignments at their own pace and contact me if they have any questions.** I will add extra assignments to the Google Classroom in case anyone wants more things to do to stay busy. **There will be Settler Bucks given for completed work.**

I will add most of the LA assignments as well as Social/Science questions to our Google Classroom under those subject headings. Students can choose to complete the assignments on the paper copy or on the Google Classroom assignment provided. Math is a paper copy because it is easier to work on that way. Please bring back all booklets when we are allowed to return to school.

On the back of this page is a suggested timeline and checklist for assignments to be completed. Remember to fill in the WMES Reading Challenge 21 minutes of reading for 21 days in May will be collected when you get back. I will add a digital copy to Google Classroom just in case you can't find the original paper copy.

I really appreciate any time you can give to continuing to practice skills at home. If you have any questions or concerns please contact me. If you need help obtaining extra devices to make learning at home easier, please let me know. Thank you so much for your support and dedication during this time of At-Home Learning.

Sincerely,

Mrs. Orsten orsteng@lrsd.ab.ca 403-625-4464

May 10 - 14
